Estate Collection

The Estate is a defined and stately collection with a strong lineal design. The effect in an interior space is an emphasis on the horizontal projections of the space, creating an elegant and well-defined aesthetic.

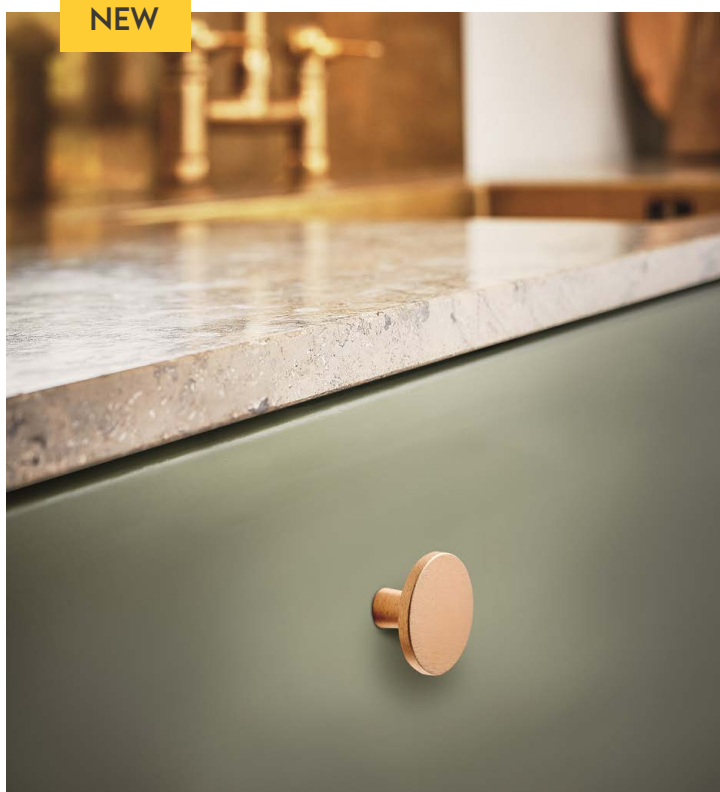

Ellipse Collection

The Ellipse' tight shape, simple structure and clear colours are the essence of Danish design. The structure is communicated wordlessly by the conical neck and rear, and the small radius, providing a beautifully understated cabinet knob for your kitchen or furniture.

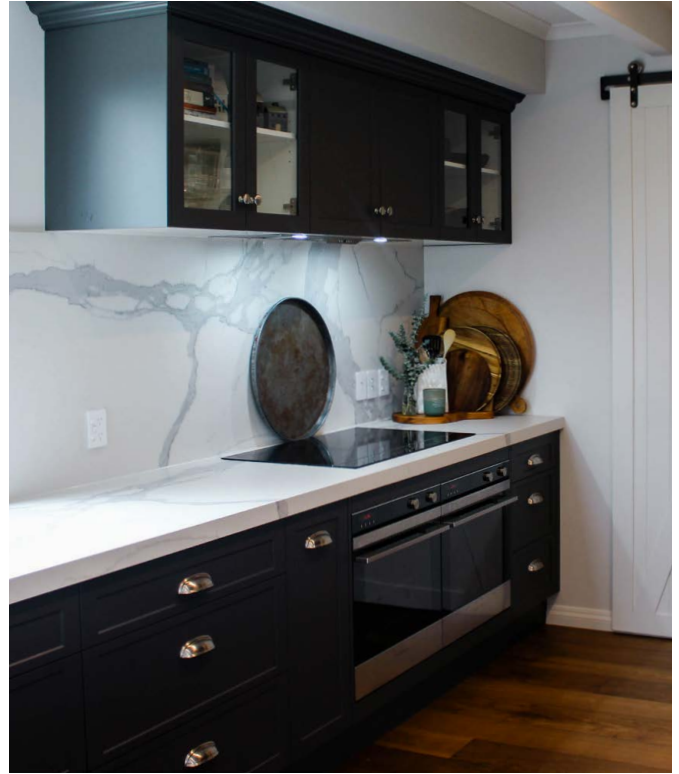

NEW

Knightsbridge Collection

This collection is a reflection of the endless and gentle ripples of water. Classically styled, the range promises a timeless elegance in any space. Choose Knightsbridge to complement an enduring interior style.

Henley Collection

Drawing its inspiration from the gently knurled seeds of the centre of a sunflower on a summer's day. The sensual, sleek yet strong facade of the Henley, combined with its chic industrial effect, gives this beautiful range a subtle balance of pared down perfection and delicate detailing to create an enduring statement piece.
